

Kitty's Pattern[©] (KTY)

After designing an exclusive pattern for the historic Arizona Biltmore Hotel, based on the Frank Lloyd Wright style "Biltmore Block," some were a little upset we didn't have a standard pattern with similar inspiration. This pattern, named in honor of Catherine Lee Tobin, takes inspiration from Native American designs, early 20th century window designs, and Frank Lloyd Wright's work.

Shade Score	5/10
