

PSO Series Bracket

(off-set mount hardware)

Parasoleil's standard hardware integrates engineered connections with an interchangeable design language and known manufacturing tolerances.

BENEFITS & FEATURES

- Prescribed spacing of fastening points with built-in tolerances for complete system installation
- Bracket/Panel design allows for single-point fastening
- Bracket aligns panel layout with consistent panel spacing
- Aluminum and Stainless Steel construction minimizes galvanic corrosion

SPECIFICATIONS

- 5052 aluminum alloy
- Floating nut insert: .250 - 20 threads (.015" min. float distance)
- 400 lb pull out force
- Fasteners: Tamper resistant button head or Flush mount philips
- Off-set available in 2", 3", or 4" distances*

STRUCTURAL RECOMMENDATIONS

- 24" on center max. bracket spacing along panel edges
- Contact Parasoleil for additional guidelines
- Contact local building dept for accurate code requirements

FINISHES

- Standard powdercoat (anodized option). Fasteners to match panels.
