Turnkey commercial grade, exterior pedestrian gate including ventilated aluminum panel insert with your choice of standard pattern. Aesthetically driven pre-engineered design offers a functional and artistic solution for exterior access control. The comprehensive gate system allows for ease of specification and installation.

Gate System Components

PATTERNED PANELS

- Ventilated metal inserts
- Wide range of code compliant standard pattern design options
- .18" thick 5052 H32 aluminum alloy panel insert

FRAME

- 6000 series extruded aluminum tube frame in three standard sizes up to 48" wide and up to 96" high
- Standard frame designed to accommodate most surface mounted exit bar kits (exit bar kit not included)

FINISH

- Panels: full range of exclusive standard powder coat finishes or anodized finish options
- Frame: Graftone, Nimbus, or Raven powder coat finish options

HARDWARE CONNECTIONS

- Low profile hardware finished to match panels
- Inset mount or direct mount options

PERFORMANCE RATING

- Determined by insert panel size and thickness

CUSTOM OPTIONS – Available for an additional fee

- Custom sizes
- Available in single or double gate configurations
- Custom patterned panel insert design
- Custom frame & panel finish

PRODUCT EXCLUSIONS

- Code compliance confirmation unless noted
- All hinges, latches, locks and other associated gate accessories
- Site verification, field measurements, and installation
